The thirty-fourth annual Utah
state fair came to a close at 10
o'clock last Saturday night after
four days of fair weather and two
days of the worst weather imagin-
able. There is no doubt that had
Friday and Saturday been up to the
first four days of the week in the
matter of weather, the state fair of
1912 would have broken all records
for attendance.

Bee culturists will ask the next
legislature to pass a law providing
for a state inspector of bees, ac-

Wednesday's Salt Lake Tribune
says: "There won't be enough
men at work on this division of the
Denver and Rio Grande a week from
next Thursday to operate trains,"
said a railroad man from Helper
yesterday as he watched Harry Ro-
wan, the clever lightweight, at his
training. Rowan is an employee of
the railroad at Helper and is im-
mensely popular with his fellow
workers, all of whom will want to
be at the ringside when their favor-
ite boxes Harry Brewer." Rowan
and Brewer fight at the Salt Lake
theater at Zion tonight.

Yesterday at noon while Dr. F.
P. Amo was at lunch someone en-
tered his office and stole a bottle of
dental gold. The doctor at once
got busy, going to the Lewis Jew-
elry company and telling them to
keep a lookout for anyone offering
such an article for sale. About 5
o'clock a stranger went into the
jewelry store and offered the con-
tents of the bottle for sale. Lewis
at once sent for Dr. Amo, who recog-
nized the gold and the fellow was
arrested and placed in jail. When
searched a complete kit of burglar
tools was found on him. He was
locked up pending further investi-
gation.
